

Bill Shipley

This month is School Board Recognition Month! We wanted to take the next few weeks to recognize each of our board members. To start things off our first School Board Member is Bill Shipley. Bill has been a member of the board for more than 10 years. Bill graduated from Kansas State University and has been working with Farm Bureau as an insurance agent since 1995. When Bill isn't working at Farm Bureau or helping lead the district as a board member, you can find him fishing, hunting and basically anything that involves being out in nature! Thank you Bill Shipley for your continued to commitment to our district!
