

Diane Liebsch has been a board member for 8 years. She is currently the principal at St. Benedict Catholic School and previously taught in the district for 32 years! She serves on multiple board committees and holds numerous community positions such as the International Forest of Friendship and the Amelia Earhart Festival Committee! While a board member, Diane says the biggest thing she has helped accomplish was to continue the positive negotiation process with the Atchison NEA and the board's fiscal responsibility especially through years of budget cuts and diminishing income from the state. Thank you Diane for all of your time and support you give to the students, staff, parents and community members! We appreciate your leadership!
