

Rick Zumbrunn

Rick Zumbrunn is our third board member we want to recognize this month! Rick has been a board member for USD 409 14 years. He has three children, all three graduated from Atchison High School and two grandchildren. Rick is a retired Vocational Education Teacher! Two things that Rick is especially proud of that the board has done in his tenure was helping to renovate the Roosevelt Building at AMS and continuing the transparency of the board of education. His future hope as a board member is to continue to see our district help meet the needs of all students by finding their best educational placement!
